

LUCIA BLANCO

COLORIST

WWW.LUCIABLANCO.ART

ABOUT ME

I am a Colorist specialized in HDR and SDR grading for narrative content, including TV series for Netflix, Amazon Prime, HBO Max, Peacock TV, and Movistar Plus, as well as feature films for theatrical release.

In 2015, I completed the UP.GRADE Postgraduate Programme in the Art and Science of Color Grading at DFFB in Berlin, where I trained with industry experts on practical and theoretical aspects of grading using DaVinci Resolve, Baselight, and Nucoda.

SPECIALTIES

Color Grading | HDR and SDR

Collaborate with directors, cinematographers, VFX artists, and post-production teams to deliver consistent color that aligns with the creative vision.

Lead grading processes and oversee the color pipeline, ensuring full HDR and SDR compliance for theatrical releases and streaming platforms.

Training | Certification

Deliver expert training in color science, color management, DaVinci Resolve, Dolby Vision workflows, and related industry best practices.

- **Blackmagic Certified Trainer** (2017)
- **Dolby Vision Certified** (2019)

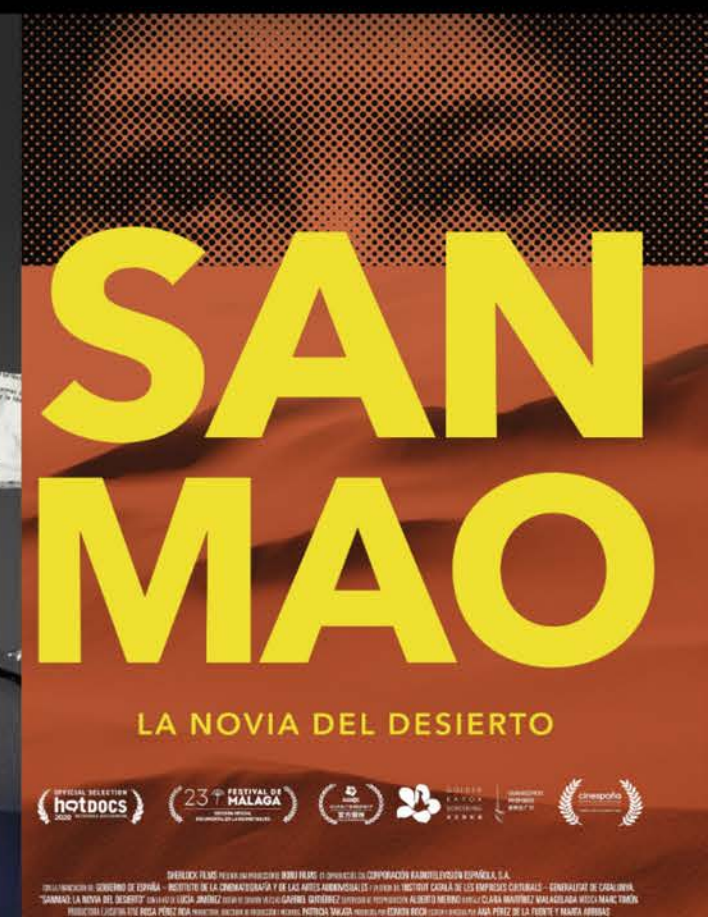

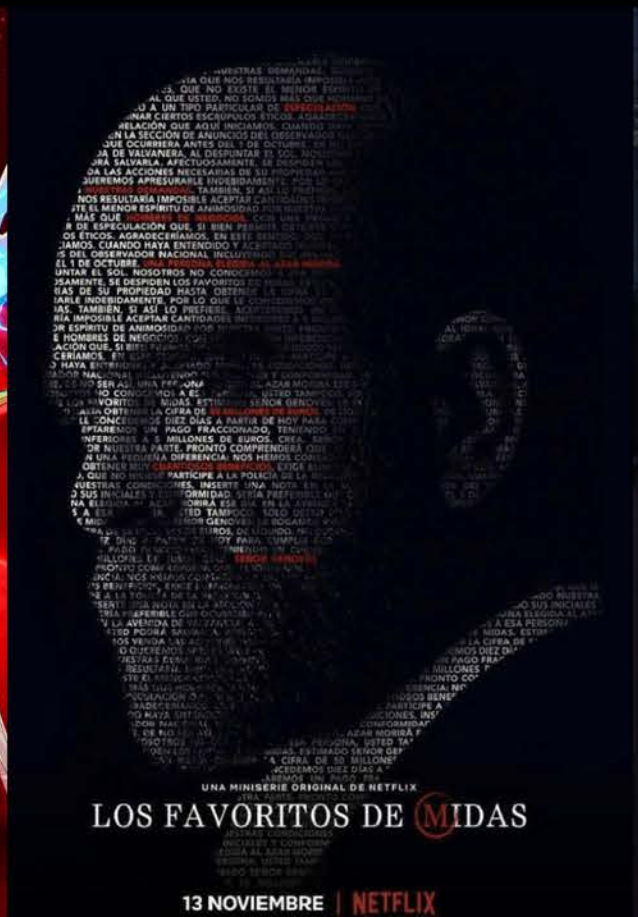

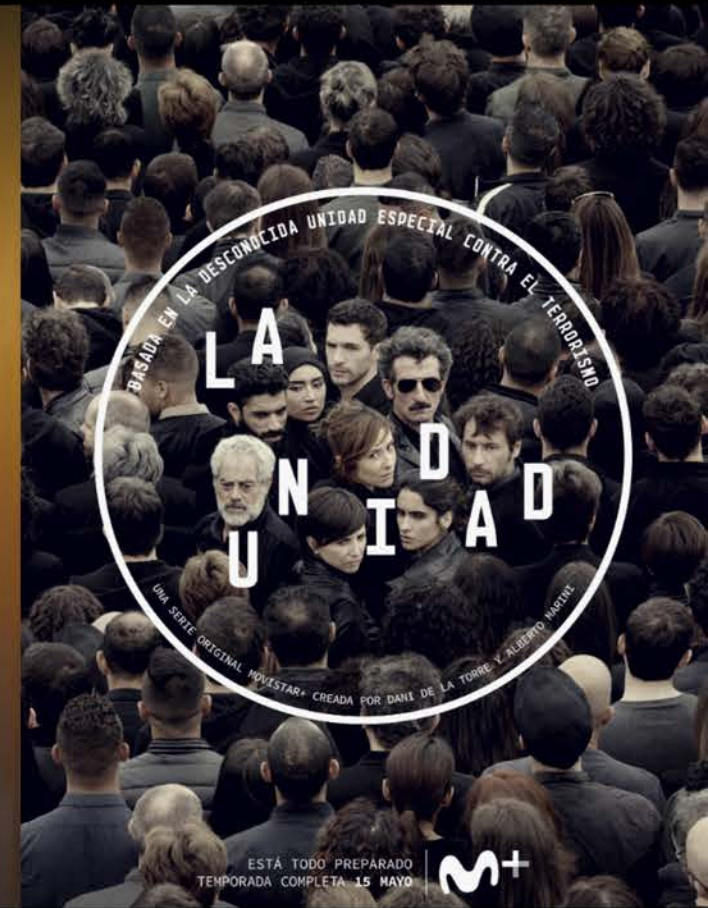

Workflow Consultant

Design and optimize color workflows tailored to each project's needs, ensuring seamless integration of color management techniques with ACES and OCIO from production through final delivery.

Provide technical guidance to VFX and motion graphics artists on color management systems, maintaining color fidelity across the entire production pipeline
